Read the given passage and select the central theme from the given options.

According to the Justice JS Verma Commission (2012) constituted by the Supreme Court, a majority of stand-alone TEIs – over 10,000 in number are not even attempting serious teacher education but are essentially selling degrees for a price. Regulatory efforts so far have neither been able to curb the malpractices in the system, nor enforce basic standards for quality, and in fact have had the negative effect of curbing the growth of excellence and innovation in the sector. The sector and its regulatory system are, therefore, in urgent need of revitalisation through radical action, in order to raise standards and restore integrity, credibility, efficacy, and high quality to the teacher education system.
